

## Instructions:

- 1. Work with a partner and each use a different colour pen.
- 2. Use a die to decide who to start.
- 3. The first player chooses one question from the puzzle. He or she should answer the question in Arabic in detail.
- 4. If the answer is clear and detailed enough for the second player, the square on the puzzle piece can be coloured with the first player's pen. Then the second player goes through the same steps.

The winner is the one who colours most of the puzzle.
